HEALTH: All cattle will have passed a clean Bangs and TB test within 30 days of sale. All females over 30 months of age will be blood tested.

STATEMENT

Our husband and father, T. D. Nyswonger, passed away on January 8, 1959 and to close the estate we are offering for sale the entire herd of Shorthorn cattle at a complete dispersal sale.

This is an old established foundation herd being in business since the 1920's. We have always tried to breed Shorthorn cattle with good heads, plenty of scale, size and substance, and beef-making qualities. To do this kind of a job we have used top bulls, most of them purchased from well known breeders, such as, W. C. Anderson & Son and Wm. Bartholomay Jr.

During the past 3 years our show steers have met with good success at the major shows throughout the middle-west. The herd is healthy, has been a regular producer and we are proud to be able to offer the breeding service of another outstanding bull which we recently purchased, Marellbar Foundation.

It will be our pleasure to meet anyone interested in good beef cattle at this sale. We are sure you will find the quality, condition and breeding acceptable to add to your own herd. We only hope that their ownership will be as pleasing to you as it has been to us.

We sincerely hope that a good many friends of the Nyswonger's and all of the good cattlemen looking for some good bulls and wonderful females will find it possible to be at Indianola on Friday, February 5.

4 Bulls

10 2-Year-Old Heifers and Calves

10 1-Year-Old or Older Heifers

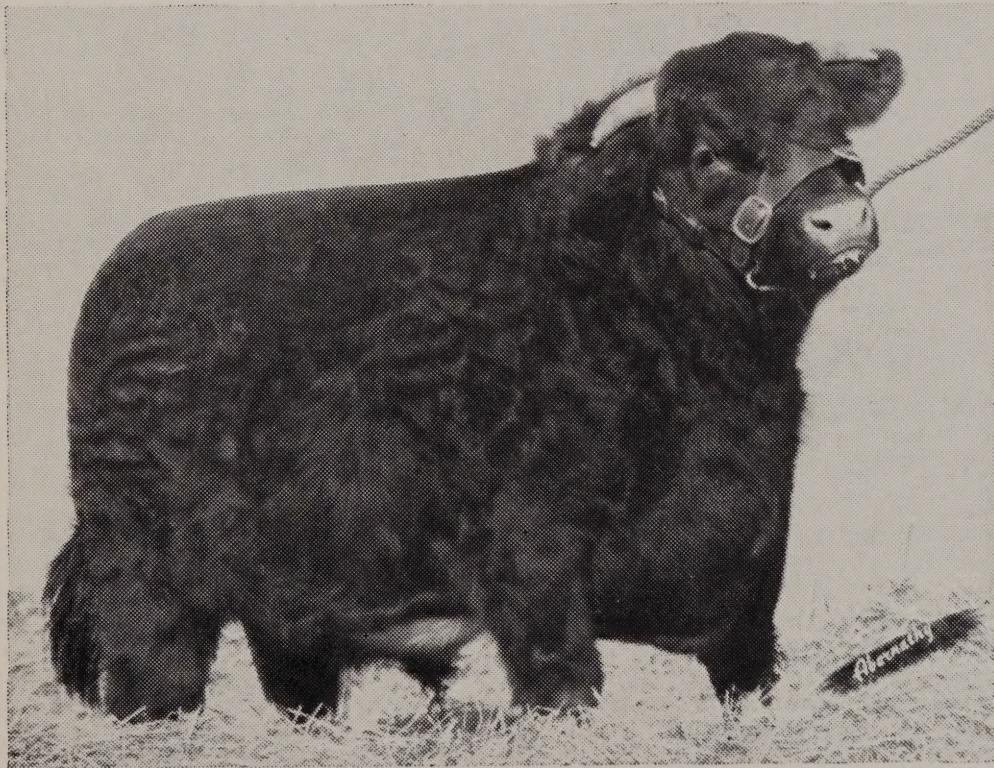

26 Cows With 17 Calves

These cattle are not being highly fitted for this sale. As you will see they are being sold in their ordinary working conditions as you would want them.

These are heifers and young stock that would not normally be sold at any consignment sale by breeders. Look these over, when you start or add to your herd with this kind there is no question as to the outcome.

Nine cows and heifers are being sold by Marvin Nyswonger & Sons beginning with lot No. 51.

HERD BULL

MARELLBAR FOUNDATION

Marellbar Foundation has inherited his good characteristics from both sides. His pedigree is packed with great breeding bulls and females. He can hardly miss as a sire, with Kinellar Metaphor, Gallant Marshal and other wonderful sires and dams. He is one of the best bred bulls we have ever owned, with some of the best blood lines in the business. We have some young calves from this bull that are some of the nicest looking calves at their ages we have ever raised. All cows and heifers bred are carrying his service.

Although there will be no footnotes appearing for the cows listed, these females would merit some of the best footnotes we could write, let alone the pedigrees. They are regular producers, sound as can be with good production records of outstanding merit. They have made money for us year after year. Several have calves at foot by W L Max Major 21st. All of these cows have been pasture exposed to Marellbar Foundation by Kinellar Metaphor by Gallant Marshall.
